

Our Purpose

To increase integrity and confidence in elections, for the benefit of the voters of Connecticut. We provide independent audits, audit observations, and reports focusing on the integrity of elections and election administration.

Voting is the foundation of democracy. Some say it is a pre-Constitutional right, to choose our government, established by the Declaration of Independence. Today voting integrity is as important as ever, and perhaps we are even more aware and concerned with voting vulnerabilities.

Vote Citizenship is of little value if we do not vote. Not voting assures that your vote won't count. If you value democracy, vote! If you want change, vote! If you prefer stability, vote!

Audit Connecticut has paper ballots which provide evidence to verify results and provide confidence in elections. Ballots are of little value without sufficient recounts and audits. Connecticut is one of about one-half of the states with post-election audits.

Observe Checking ballots by officials is insufficient. Public confidence requires public verification - transparency and direct public observation and analysis. That's where you can participate further in authentic Democracy!

0 Connecticut Citizen Election Audit

Without our volunteers, only a few officials would know how post-election audits are conducted

You can help provide answers!

Volunteer one day as a Post-Election Audit Observer

Audits are conducted starting on the fifteenth day after the election and two to three weeks thereafter. Observers commit to one day. You sign up for days on which you can be available to observe audit counting sessions. Once dates are set by municipalities, you are matched to an opportunity in your area.

Observers have reported that the observations are a great opportunity for learning about our election system and the challenges faced by election officials.

Observers also appreciate the opportunity to contribute directly to election integrity and democracy itself.

We provide training materials, conference call training, and VIDEO training. Get more information and volunteer at:
